

STEP 01

The Persona Formula

Client Intake Form — Complete before your strategy session.

This form helps THE ROF NETWORK build your Dream Client Persona — the foundation of everything: your ads, your copy, your offer, and your funnel. The more specific you are, the more precisely we can target and attract high-value clients for you.

How to fill this in: Answer every question as specifically as possible. Don't describe who you wish your clients were — describe who they actually are, especially your best, highest-spending clients. This takes 15–20 minutes.

SECTION A

Your Business

Business / Brand Name

Industry / Sector

Years in Business

Describe what you sell in one sentence.

e.g. 'We help growth-stage SMEs generate qualified leads using Google and YouTube ads.'

What is your primary revenue goal for the next 12 months?

e.g. 'R2 million in new revenue from paid leads'

SECTION B

Dream Client — Who They Are

Primary Gender

e.g. Male / Female / Both

Age Range

e.g. 28–45

Location / Geography

e.g. Johannesburg, Gauteng / National / SADC Region

Industry / Business Type (of your ideal client)

Select all that apply:

- ☐ B2B Service Business
- ☐ B2C Service Business
- ☐ E-commerce / Retail
- ☐ Professional Services
(legal, finance, medical)
- ☐ Real Estate / Property
- ☐ Manufacturing / Trade
- ☐ Education / Training
- ☐ Other (specify below)

Other industry or specify above selection:

Job Title / Role

Annual Revenue (approx.)

e.g. R500k–R2m/year

What does a typical 'best client' look like for you?

Describe your highest-spending, easiest-to-work-with client in detail.

SECTION C

Dream Client — How They Think & Feel

What is your dream client's #1 biggest pain or frustration right now?

What keeps them up at night? Be specific.

What is their desired outcome — what do they want MORE THAN ANYTHING?

The result, transformation, or feeling they are chasing.

What have they already tried that didn't work?

Previous agencies, tools, strategies, DIY attempts.

What is their biggest objection to buying your service?

e.g. 'I've tried agencies before and didn't get results' / 'I can't afford it'

How URGENT is their problem right now?

Rate their urgency:

1 — Not urgent at all ← → 10 — Crisis — they need a solution NOW

1	2	3	4	5	6	7	8	9	10
---	---	---	---	---	---	---	---	---	----

SECTION D

BANT Qualification — What Makes a Lead Qualified

Define exactly what a QUALIFIED lead looks like for your business. This is used to set up the qualifier pop-up in your sales funnel — so only the right leads ever reach your sales team.

DIMENSION	QUALIFIED (they pass)	DISQUALIFIED (they fail)
Budget	Has a marketing/ad budget of _____ /mo or more	No budget or unclear on spend
Authority	Is the owner / decision-maker / has sign-off power	Junior role — cannot approve spend
Need	Actively struggling with _____ right now	Happy with current situation
Timing	Ready to start within _____ days / weeks	Just browsing, no timeline

★ The blank fields above are for YOU to fill in — they become your actual qualifier criteria.

Any additional qualifier criteria specific to your business?

e.g. Industry must be X / Client must have a sales team / Must be in Gauteng

SECTION E

Who You Do NOT Want (Exclusions)

Defining who your offer is NOT for is just as powerful as defining who it is for. This language appears in your ads and landing page to repel bad-fit leads.

This service is NOT for:

Be direct. e.g. 'Businesses with no budget, people who want quick fixes, brands who aren't committed to a 90-day process.'

The type of client that drains your energy / wastes your time:

SECTION F

Their Language — How They Describe the Problem

Great ad copy uses the exact words your dream client uses — not yours. These answers directly shape your ad scripts and landing page copy.

If your dream client was Googling their problem RIGHT NOW, what would they type?

List 3–5 specific search phrases they would use.

What exact phrase do your best clients use when they describe their frustration?

e.g. 'We keep getting tyre-kickers' / 'We spend money on ads and see nothing'

What result, transformation, or feeling do they describe as the dream outcome?

In their words, not yours.

SECTION G

Your Core Marketing Message (Statement of Value)

Using the inputs above, complete your Statement of Value. This becomes the backbone of every ad, every headline, and every sales conversation.

Formula: "[Product/Service] helps [PERSONA] achieve [DESIRED OUTCOME] without [EXCLUSIVE QUALIFIER — the thing they're afraid of / tired of]."

Your Statement of Value:

The 'False Solution' — what old/wrong approach does your persona keep trying?

e.g. 'Boosting posts on social media' / 'Using freelancers from Fiverr'

Your Exclusive Qualifier — who is this NOT for?

Your Inclusive Qualifier — who is this specifically FOR?

SECTION H

Value Ladder — Your Entry Offer

We never go straight for the sale. What low-friction entry offer can we lead with to start the relationship and build trust before your core offer?

What could you offer for FREE or at very low cost as an entry point?

Select all that make sense for your business:

☐ Free 30-minute strategy/audit call

☐ Free report / guide / checklist

☐ Free sample / trial

☐ Discounted first session

☐ Free assessment / diagnostic

☐ Webinar / workshop

☐ Free demo

☐ Other (specify below)

Describe your preferred entry offer in detail:

What does your core (paid) offer look like?

Core Offer Price
e.g. R8 500/mo retainer

Average Client Lifetime Value
e.g. R102 000 over 12 months

SECTION I

Anything Else We Should Know

Is there anything specific about your market, competitors, or clients that TRN should know before building your Persona?

Client Name:

Date:

Once submitted, THE ROF NETWORK will complete your full Persona Sheet, Core Marketing Message, and BANT Qualifier — ready for Step 02: The Platform.
